## 1-03 INTRODUCTORY STATEMENT

Welcome to Stellar Blue Web Design LLC, doing business as Stellar Blue Technologies. This handbook is designed to acquaint you with Stellar Blue Technologies and provide you with information about working conditions, employee benefits and some of the policies affecting your employment. You should read, understand and comply with all provisions of the handbook. It describes many of your responsibilities as an employee and outlines the programs developed by Stellar Blue Technologies to benefit employees. One of our objectives is to provide a work environment that is conducive to both personal and professional growth.

Your employment with Stellar Blue Technologies is voluntary and there is no specified length of employment. Accordingly, either Stellar Blue Technologies or you can terminate the relationship at will, with or without cause, at any time, so long as there is no violation of applicable federal or state law.

Please consult with the Human Resource Department regarding any questions not answered in the handbook. No employee handbook can anticipate every circumstance or question about policy. As Stellar Blue Technologies continues to grow, the need may arise and Stellar Blue Technologies reserves the right to revise, supplement, or rescind any policies or portion of the handbook from time to time as it deems appropriate, in its sole and absolute discretion. The only exception to any changes is our employment-at-will policy permitting you or Stellar Blue Technologies to end our relationship for any reason at any time. Any revised information may supersede, modify, or eliminate existing policies. This handbook is neither a contract of employment nor a legal document.

## 1-04 INTRODUCTORY PERIOD

The introductory period is intended to give new employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance and to determine whether the new position meets their expectations. Stellar Blue Technologies uses this period to evaluate employee capabilities, work habits, and overall performance. Either the employee or Stellar Blue Technologies may end the employment relationship at will at any time during or after the introductory period, with or without cause or advance notice. All new and rehired employees work on an introductory basis for the first 90 calendar days after the date of hire. Any significant absence will automatically extend an introductory period by the length of the absence. If Stellar Blue Technologies determined that the designated introductory period does not allow enough time to thoroughly evaluate the employee's performance, the introductory period may be extended for a specified period.

Upon satisfactory completion of the introductory period, employees enter the "regular" employment classification. During the introductory period, new employees are eligible for those benefits that are required by law, such as workers' compensation insurance and Social Security. After becoming regular employees, they may also be eligible for other Stellar Blue Technologies provided benefits, subject to the terms and conditions of each benefits program. Employees should read the information for each specific benefits program for the details on eligibility requirements.

## 1-05 PERFORMANCE EVALUATION

Supervisors and employees are strongly encouraged to discuss job performance and goals on an informal, day-to-day basis. A formal written performance evaluation will be conducted at the end of an employee's initial period of hire, known as the introductory period. Additional formal performance evaluations are conducted to provide both supervisors and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive, purposeful approaches for meeting goals.

## 1-06 EMPLOYMENT AT WILL

Employment with Stellar Blue Technologies is voluntarily entered, and the employee is free to resign at will at any time, with or without cause. Similarly, Stellar Blue Technologies may terminate the employment relationship at will at any time, with or without notice or cause, so long as there is no violation of applicable federal or state law.

The policies set forth in this handbook are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between Stellar Blue Technologies and any of its employees. The provisions of the handbook have been developed at the discretion of management and, except for its policy of employment-at-will, may be amended or cancelled at any time, at Stellar Blue Technologies sole discretion.

No employee of Stellar Blue Technologies can enter into an employment contract for a specified period or make any agreement contrary to this policy without written approval from the Company Managing Director. These provisions supersede all existing policies and practices and may not be amended or added without the express written approval of a director of Stellar Blue Technologies.

Reasonable accommodation is available to all disabled employees, where their disability affects the performance of job functions. All employment decisions are based on the merits of the situation in accordance with defined criteria, not the disability of the individual.

Qualified individuals with disabilities are entitled to equal pay and other forms of compensation (or changes in compensation) as well as in job assignments, classifications, organizational structures, position descriptions, lines of progression, and seniority lists. Leave of all types will be available to all employees on an equal basis.

If you feel you have been unlawfully discriminated against, immediately inform the Human Resource Department. You can be assured that your complaint will be thoroughly investigated.

## 1-10 ADA LIFE THREATENING ILLNESS

Employees with life-threatening illnesses, such as cancer, heart disease, and AIDS, often wish to continue their normal pursuits, including work, to the extent allowed by their condition. Stellar Blue Technologies supports these endeavors if employees are able to meet acceptable performance standards. As in the case of other disabilities, Stellar Blue Technologies will make reasonable accommodations in accordance with all legal requirements, to allow qualified employees with life-threatening illnesses to perform the essential functions of their jobs.

Medical information on individual employees is treated confidentially. Stellar Blue Technologies will take reasonable precautions to protect such information from inappropriate disclosure. Managers and other employees have a responsibility to respect and maintain the confidentiality of employee medical information. Anyone inappropriately disclosing such information is subject to disciplinary action, up to and including termination of employment.

Employees with questions or concerns about life-threatening illnesses are encouraged to contact the Human Resources Director for information and referral to appropriate services and resources. If you feel you have been unlawfully discriminated against, immediately inform the Human Resource Department. You can be assured that your complaint will be thoroughly investigated.

During this period, any salaried employee will be transferred to an hourly pay rate, for work completed, however benefits will not change. To assist in providing a safe and healthful work environment for employees, customers, and visitors, Stellar Blue Technologies has established a workplace safety program. This program is a top priority for Stellar Blue Technologies. The Human Resource Department has responsibility for implementing, administering, monitoring and evaluating the safety program. ## 1-13 FIRST AID ACCIDENTS

Call 911, the emergency phone number if required. If an accident or illness should occur, no matter how slight, notify your supervisor immediately so that the appropriate medical treatment can be administered. With the number of reported AIDS cases continuing to rise, it is imperative that employees take extreme care in case of an accident, both on and off the job. The transfer of any bodily fluid (blood, saliva, urine, etc.) may pass on the AIDS virus. Use caution to avoid contact with these body fluids.

It is highly suggested that all employees carry a first aid kit in their vehicles, please be sure to use them. If this is not possible, use a strong disinfectant, such as Lysol or liquid bleach, to clean up afterwards. On the job inquiries will be handled in accordance with the Workmen's Compensation laws. Any employee who is injured while on the job must notify the Human Resource Department immediately to be eligible for coverage provided under the Workmen's Compensation Act. As part of our Drug Free Workplace, you may also be required to submit to drug testing if you are injured on the job.

Work related Injuries and Illness. All work-related injuries and illness must be reported to your supervisor immediately. The associate must then fill out an "Employer's First Report of Injury or Disease" form within 24 hours of the incident and submit it to management. A Supervisor's Accident Investigation Form" must also be completed by the supervisor and turned into the office within 24 hours. If you are totally disabled or assigned light duty work, a written excuse is necessary from your doctor. If you are off work because of a work-related injury or illness, you cannot return to work unless you have a Return-To-Work form from the treating physician.

## 1-14 WORKERS COMPENSATION INSURANCE

Stellar Blue Technologies provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately.

Employees who sustain work-related injuries or illnesses should inform their supervisor immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible. As a drug free workplace, you may be required to take a drug test, (in accordance to the Company Drug Policy), following your involvement in an accidental injury.

Neither Stellar Blue Technologies nor the insurance carrier will be liable for the payment of workers' compensation benefits for injuries that occur during an employee's voluntary participation in any off-duty recreational, social, or athletic activity sponsored by Stellar Blue Technologies.

## 1-15 HARASSMENT

It is the long-established policy of Stellar Blue Technologies to extend equal employment and advancement opportunities to all qualified individuals regardless of their race, color, age, sex, pregnancy, gender, disability, religion, national origin, ethnic background, military service or citizenship.

All personnel are reminded that each employee is always to be treated courteously by fellow employees, so that he or she is free from harassment or interference based on factors such as those mentioned above. Harassment is defined as unwelcome or unsolicited verbal, physical or sexual conduct that interferes with an employees' job performance or which creates an intimidating, offensive or hostile work environment. Examples of what may be considered harassment, depending on the circumstances are: questions or comments that unnecessarily infringe on personal privacy or offensive, sexist, off color or sexual remarks, jokes, slurs or propositions or comments that disparage a person or group on the basis of race, color, age sex, pregnancy, gender, creed, disability, religion, national origin, ethnic background, military service or citizenship. Derogatory or suggestive posters, cartoons, photographs, calendars, graffiti, drawings, other materials, or gestures. Inappropriate touching, hitting, pushing, or other aggressive physical contact or threats to take such action. Sexual Harassment is constituted as discrimination and is prohibited by state and federal laws. Therefore, it is the position of this company that sexual harassment will not be tolerated. It is a violation of Company policy for any supervisor or employee, male or female to engage in sexual harassment as defined below. Such conduct will result in disciplinary action up to and including dismissal.

The Equal Employment Opportunity Commission (EEOC) defines sexual harassment as follows:

*Quid Pro Quo* – Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute quid pro quo when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment and, or (2) submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting an individual.

*Hostile Environment* - Is one in which unwelcome sexual advances, request for sexual favors and verbal or other conduct of a physical nature occur and when such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

Some examples of sexual harassment include but are not limited to:

- Unwanted sexual advances
- Offering employment benefits in exchange for sexual favors
- Making threatening reprisals after a negative response to sexual advances
- Verbal conduct such as making derogatory comments, epithets, slurs, sexually explicit jokes or comments about and employees' body or dress
- Verbal sexual advances or propositions
- Verbal abuse of a sexual nature, graphic verbal commentary about an individual's body, sexually degrading words to describe an individual or suggestive or obscene letters, notes or invitations
- Physical conduct such as touching, assault or impeding or blocking movement and
- Retaliation for reporting harassment or threatening to report harassment

Any employee who believes he/she has experienced such conduct by anyone, including a supervisor, co-worker, or by persons doing business with or for this Company should tell the offender that such conduct is unwelcome and unacceptable. If the offensive behavior does not stop, or if the employee is uncomfortable confronting the offender, the employee must immediately report such conduct to their supervisor, or to the Managing Director.

The company prohibits retaliation against any employee who complains of sexual harassment or who participates in an investigation. All aspects of the complaint-handling procedure will be handled discreetly. However, it may be necessary to include others on a need to know basis.

All incidents of prohibited harassment that are reported will be investigated. The Managing Director will immediately undertake or direct an effective, thorough, and objective investigation of the harassment allegations. The investigation will be completed as soon as practicable and a determination regarding the reported harassment will be made and communicated to the employee who complained and to the accused harasser. If a complaint of prohibited harassment is substantiated, appropriate corrective action, up to and including discharge will be taken. Appropriate action will also be taken to correct the effects of the harassment and to deter any future harassment.

## **1-17 JURY DUTY**

Stellar Blue Technologies encourages employees to fulfill their civic responsibilities by serving jury duty when required. Employees may request unpaid jury duty leave for the length of the absence. If desired, employees may use any available paid time off (for example, vacation benefits.)

Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may decide to accommodate their absence. Of course, employees are expected to report for work whenever the court schedule permits.

Either Stellar Blue Technologies or the employee may request an excuse from jury duty if, in Stellar Blue Technologies judgment, the employee's absence would create serious operational difficulties.

## **1-18 NEWS MEDIA**

To ensure that all company related information is accurate and up to date, all requests for comment are to be referred to the Managing Director for a response. No statement which involves Stellar Blue Technologies, its policies, clients or employees is to be released verbally or in writing; all inquiries are to be referred to the person(s) named above.

## **1-19 NO SOLICITATION POLICY**

Solicitation or distribution of literature by non-employees on company property is always prohibited. Solicitation and/or distribution of literature by associates are prohibited in working areas during working time. Working time is defined as time in which the associate is required to perform work. Work time does not include break periods or meal periods (unless the associate is on the time clock.) Work time does include periods in which a member of management properly excuses an associate from performing work. Furthermore, an associate who is not on working time shall not solicit associates who are on working time. This policy applies to solicitation and distribution of literature for all types of causes or organizations. Violation of this policy is grounds for discipline up to and including termination.

# CHAPTER 2: ATTENDANCE, STELLAR PROPERTY, EMPLOYEE EXPECTATIONS

## 2-01 ATTENDANCE

To maintain a safe and productive work environment, Stellar Blue Technologies expects employees to be reliable and to be punctual in reporting for scheduled work. Absenteeism and tardiness place a burden on other employees and on Stellar Blue Technologies. All associates are expected to report to work promptly and regularly.

Associates are expected to be at work ready to perform their duties at their start time. One minute late is late and puts an unfair burden on fellow associates. Attendance records are kept and monitored. Good attendance is expected and appreciated. Poor attendance (habitual tardiness, chronic absenteeism, etc.) is unacceptable and will result in disciplinary action, up to and including termination.

Each day of absence must be separately reported prior to the start of your shift. Absences due to illness or injury must be supported by satisfactory medical evidence if the absence exceeds three (3) days or unless abuse is suspected. A Return-To-Work form from the treating physician must be submitted to your supervisor before you can return to work.

If you are absent from work for a period of three (3) consecutive days without notification to the Company, it will be CONSIDERED “Job Abandonment” and that you have voluntarily terminated employment.

## 2-02 ABSENTEEISM ABSENCE OR LATENESS

From time to time it may be necessary for you to be absent from work. Stellar Blue Technologies is aware that emergencies, illnesses, or pressing personal business that cannot be scheduled outside of your work hours may arise. If you are unable to report to work, or if you will arrive late, please contact your supervisor immediately. If you know in advance that you will need to be absent, please request this time off directly from your supervisor. When you call in to inform Stellar Blue Technologies of an unexpected absence or late arrival, simply ask for your supervisor. If you’re arriving to work late, please let your supervisor know when you expect to arrive for work. If you’re unable to call in yourself because of an illness, emergency or for some other reason, be sure to have someone call for you. Absence from work for three (3) consecutive days without notifying your supervisor or the Human Resource Department, will be considered a voluntary resignation. If you are absent because of an illness for three (3) or more successive days, your Human Resource Department may request that you submit written documentation from your doctor stating you are able to resume normal work duties before you will be allowed to return to work. A consistent pattern of questionable absences can be considered excessive and may be cause for concern. In addition, excessive lateness or leaving early without letting your supervisor know will be considered a “lateness pattern” and may carry the same weight as an absence. Other factors, like the degree and reason for the lateness, will be taken into consideration. Your supervisor will make a note of any absence or lateness, and their reasons, in your personnel file. Be aware that excessive absences, lateness or leaving early may lead to disciplinary action, including possible dismissal.

## 2-03 DRESS CODE

The dress code is to apply to all associates. Associates who work within sales or are required to work on client projects outside of company property are required to wear uniforms designated by the company. The Company will provide two logo's shirts along with reimburse associate's for adding company logo to pre-approved clothing and merchandise.

## 2-04 COMPLAINTS – PROBLEM RESOLUTION

Stellar Blue Technologies is committed to providing the best possible working conditions for its employees. Part of this commitment is encouraging an open and frank atmosphere in which any problem, complaint, suggestion, or question receives a timely response from Stellar Blue Technologies supervisors and management. Stellar Blue Technologies strives to ensure fair and honest treatment of all employees. Supervisors, managers, and employees are expected to treat each other with mutual respect. Employees are encouraged to offer positive construction criticism.

If employees disagree with established rules of conduct, policies, or practices they can express their concern through the problem resolution procedure. No employee will be penalized, formally or informally, for voicing a complaint with Stellar Blue Technologies in a reasonable, business-like manner, or for using the problem resolution procedure. If a situation occurs when employees believe that a condition of employment or a decision affecting them is unjust or inequitable, they are encouraged to make use of the following steps. The employee may discontinue the procedure at any step.

1. Employee presents problem to immediate supervisor after incident occurs. If supervisor is unavailable or employee believes it would be inappropriate to contact that person, employee may present problem to the Human Resource Department or any other member of management.
2. Supervisor responds to problem during discussion or after consulting with appropriate management, when necessary. Supervisor documents discussion.
3. Employee presents problem to Human Resource Department if problem is unresolved.
4. The Human Resource Department counsels and advises employee, assists in putting problem in writing, visits with employee's manager(s) if necessary, and directs employee to the company Managing Director for review of problem.
5. Employee presents problem to the company Managing Director in writing.
6. Managing Director reviews and considers problem. Managing Director informs employee of decision and forwards copy of written response to the Human Resource Department for employee's file. The Managing Director has full authority to make and adjustment deemed appropriate to solve the problem.

Not every problem can be resolved to everyone's total satisfaction, but only through understanding and discussion of mutual problems can employees and management develop confidence in each other. This confidence is important to the operation of an efficient and harmonious work environment and helps to ensure everyone's job security.

Employees who violate this policy are subject to disciplinary action, up to and including discharge.

To ensure that the use of electronic and telephonic communications systems and business equipment is consistent with the Company's legitimate business interests, authorized representatives of the Company may monitor the use of such equipment from time to time to determine if such use is business-related.

E-mail is an extension of the workplace and any abusive or inappropriate e-mail will result in disciplinary action by the employer that could lead to termination. There will be no allowances for display or transmission of any sexually explicit images, cartoons or messages. The e-mail system will not be allowed to be used for any communications containing any racial or ethnic slurs or epithets or anything that could be construed as harassment or offensive to others based on sex, age, race national origin, sexual orientation, disability, color or any other classifications protected by state or federal law. Stellar Blue Technologies purchases and licenses various computer software for business purposes and does not own copyright to this software or its related documentation. Unless authorized by the software developer, Stellar Blue Technologies does not have the right to reproduce such software for use on more than one computer.

Employees may only use software on local area networks or on multiple machines according to the software license agreement. Employees who violate this policy will be subject to disciplinary action.

Outside employment that constitutes a conflict of interest is prohibited. Employees may not receive any income or material gain from individuals outside of Stellar Blue Technologies for materials produced or services rendered while performing their jobs.

## 2-15 CONFLICTS OF INTEREST

Employees have an obligation to conduct business within guidelines that prohibit actual or potential conflicts of interest. This policy establishes only the framework within which Stellar Blue Technologies wishes the business to operate. The purpose of these guidelines is to provide general direction so employees can seek further clarification on issues related to the subject of acceptable standards of operation. Contact the Human Resource Department for more information or questions about conflicts of interest. An actual or potential conflict of interest occurs when an employee can influence a decision that may result in a personal gain for that employee or for a relative as a result of Stellar Blue Technologies business dealings. For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

No “presumption of guilt” is created by the mere existence of a relationship with outside firms. However, if employees have any influence on transactions involving purchases, contracts, or leases, it is imperative that they disclose to an officer of Stellar Blue Technologies as soon as possible the existence of any actual or potential conflict of interest so that safeguards can be established to protect all parties. Personal gain may result not only in cases where an employee or relative has a significant ownership in a firm with which Stellar Blue Technologies does business, but also when an employee or relative receives any kickback, bribe, substantial gift, or special consideration as a result of any transaction or business dealings involving Stellar Blue Technologies.

## 2-20 MAIL – PERSONAL

Occasionally we receive mail addressed to an employee's attention and marked "Personal and Confidential." Sometimes these pieces of mail are inadvertently opened, and sometimes they are opened because the addressee is not here, and it is believed that the piece of mail is an important business-related item that requires immediate attention. Accordingly, the company assumes that it has each employee's permission to open any piece of mail received at the office address. For this reason, it would be wise to direct your personal non-business mail to another address.

## 2-21 LEAVES (UNPAID)

In general, a leave of absence is an official authorization to be absent from work without pay for a specified period. Both paid and unpaid time off may be granted to eligible employees, according to the following policy. Please consult your supervisor for further information. For Paid Leaves, time off is paid using your base hourly rate, excluding shift premiums and overtime compensation, if any. Occasionally, for medical, personal or other reasons, you may need to be temporarily released from the duties of your job with Stellar Blue Technologies. It is the policy of Stellar Blue Technologies to allow its eligible employees to apply for and be considered for certain specific leaves of absence. Eligible employees may request personal leave only after having completed 365 calendar days of service. As soon as eligible employees become aware of the need for a personal leave of absence, they should request a leave from their supervisor.

If an employee fails to report to work promptly at the expiration of the approved leave period, Stellar Blue Technologies will assume the employee has resigned. No benefits are considered earned while on an unpaid leave of absence. Failure to return to work upon the expiration of an approved leave of absence shall be considered a voluntary termination.

Employees may, with their supervisor's approval, use any available paid leave for additional time off as necessary. Stellar Blue Technologies defines "immediately family" as the employee's spouse, parent, child, sibling; the employee's spouse's parent, child or sibling.

## 3-02 DISCIPLINE

The purpose of this policy is to state Stellar Blue Technologies position on administering equitable and consistent discipline for unsatisfactory conduct in the workplace. The best disciplinary measure is the one that does not have to be enforced and comes from good leadership and fair supervision at all employment levels. Stellar Blue Technologies own best interest lies in ensuring fair treatment of all employees and in making certain that disciplinary actions are prompt, uniform, and impartial. The major purpose of any disciplinary action is to correct the problem, prevent recurrence, and prepare the employee for satisfactory service in the future.

Although employment with Stellar Blue Technologies is based on mutual consent and both the employee and Stellar Blue Technologies have the right to terminate employment at will, with or without cause or advance notice, Stellar Blue Technologies may use progressive discipline at its discretion. Disciplinary action may call for any of four steps – verbal warning, written warning, suspension with or without pay, or termination of employment – depending on the severity of the problem and the number of occurrences. There may be circumstances when one or more steps are bypassed.

### 3-02 DISCIPLINE (CONTINUED)

Progressive discipline means that, with respect to most disciplinary problems, these steps will normally be followed: a first offense may call for a verbal warning; a next offense may be followed by a written warning; another offense may lead to a suspension; and, still another offense may then lead to termination of employment. Stellar Blue Technologies recognizes that there are certain types of employee problems that are serious enough to justify either a suspension, or, in extreme situations, termination of employment, without going through the usual progressive discipline steps.

### 3-03 POSTED OFFENSES

Whenever an associate receives a warning regarding work performance or for breaking of Company rules and/or policies, a record of the occurrence will be put in the associate's personnel file. All employees have a responsibility to report for work when scheduled or subject to call-in and to perform their jobs in a safe and efficient manner, free from the effects of drugs, alcohol beverages, and controlled substances. The company policy regarding this subject state:

- It is the policy of Stellar Blue Technologies that being under the influence of, bringing in, possessing, providing, manufacturing or other production of buying, selling, or using alcoholic beverages, unauthorized drugs, skill impairing substances or controlled substances during working time, on company premises or in company vehicles, is strictly prohibited.
- Under the influence is defined as being impaired or unable to perform work in a safe productive manner; being in a physical or mental condition which creates a risk to the safety and well-being of the affected employee, other employees, the public or company property; and/or having any detectable level, in excess of a trace, of alcohol, drugs or controlled substances in the body.
- An employee who is involved with the off-the-job illegal drug use, possession, sale or being under the influence on-the job can be considered in violation of this policy. Off-the job drug use, possession or sale which has any adverse effect on the company's customers, other employees, the public or the company's reputation or image can also be considered a violation of this policy. In deciding what action to take, the company will take into consideration the nature of the conduct and the employee's present assignment and record with the company.
- Additionally, any employee who is taking drugs or medication which has been prescribed by the employee's physician, which may adversely affect ability to perform work in a safe or productive manner is required to report such use of medication to the Human Resource Department or, if this is not possible, to his/her supervisor prior to starting work or entering the company's facility. This includes drugs, which are known or advertised as possibly affecting judgment, coordination of their senses, including those, which may cause drowsiness or dizziness. Management in conjunction with medical advice, if applicable, will then determine whether the employee can commence work and whether any work restrictions will be necessary.
- As part of enforcement of this policy, the company may require an employee to submit to testing for drugs, alcohol or controlled substances. Consent to drug or alcohol testing, when required by the company, is a condition of continued employment and refusal of consent is insubordination and could be considered grounds for termination.
- Violations of this policy, including refusal to consent to medical testing, will result in the immediate suspension of the employee pending a company investigation, and the company will then make a determination concerning the appropriate discipline, up to and including discharge, on the basis of evidence then available to the company, any reasonable inferences which the company draws from that evidence and the employee's refusal to consent to such medical testing. Illegal drugs, illegal drug paraphernalia, and alcohol will not be tolerated on the premises of Stellar Blue Technologies. Company premises consist of the buildings, parking lots, surrounding land and all the company-owned vehicles.

## 3-07 TERMINATION – EMPLOYMENT

Suggestions, complaints, and questions can also be voiced.

Since employment with Stellar Blue Technologies is based on mutual consent, both the employee and Stellar Blue Technologies have the right to terminate employment at will, with or without cause, at any time. Employee benefits will be affected by employment termination in the following manner. All accrued, vested benefits that are due and payable at termination will be paid. Some benefits may be continued at the employee's expense if the employee so chooses. When operating requirements or other needs cannot be met during regular working hours, employees may be required to work overtime, which is defined as any hours worked over forty (40) hours per week. All overtime work must receive the supervisor's prior authorization. Overtime assignments will be distributed as equitably as practical to all employees qualified to perform the required work. Stellar Blue Technologies operates seven days per week. The work schedule is Sunday through Saturday. The pay period is bi-weekly, and paychecks are issued on the Friday following the pay period.

Overtime compensation is paid to all nonexempt employees in accordance with federal and state wage and hour restrictions. Overtime pay is based on actual hours worked. Time off for holidays, sick leave, vacation leave, or any leave of absence will not be considered hours worked for purposes of performing overtime calculations. All overtime must be approved in advance by your Supervisor prior to starting the overtime hours. If an employee does not get Supervisor approval before working overtime, the first time will result in a conversation with employee's manager and director, the second time will be a verbal warning, the third time will be a written warning and the fourth time would result in termination.

Example 1: Employee A worked 35 hours week one and receives 8 hours of holiday pay for a total of 43 hours. Employee A will receive regular holiday pay of 8 hours plus 35 hours of regular pay for hours worked. Example 2: Employee B worked 44 hours week one and receives 8 hours of holiday pay for a total of 52 hours. Employee B will receive regular holiday pay of 8 hours plus 40 hours of regular pay and 4 hours of overtime pay for the hours worked over 40 that week.

## 5-08 VACATION BENEFITS

Vacation time off with pay is available to eligible for full-time employees to provide opportunities for rest, relaxation and personal pursuits. The amount of paid vacation time an employee receives each year increases with the length of their employment as shown in the following schedule: The length of eligible service is calculated based on a "benefit year." This is the 12-month period that renews on the employee's full-time anniversary date. An employee's benefit year may be extended for any significant leave of absence except military leave of absence. Military leave has no effect on this calculation. (See individual leave of absence policies for more information.)

Full time associates are eligible for vacation pay. Full time is defined as working 40 hours a week for a minimum of seven consecutive weeks. Vacation pay is paid to the associate at their regular rate of pay. Vacation pay is calculated from (6) months from their date of full-time hire. An example of an associate who is hired on April 1, 2019 is as follows:

As of October 2, 2019, the associate is eligible for 40 hours of vacation to be used from Oct 2, 2019 to April 1, 2020. Vacation not taken within the employee's fiscal year after it is earned is considered forfeited. Regular full-time associates are eligible for a paid vacation as follows:

40 hours .....	After one (1) year of continuous service
80 hours .....	After three (3) years of continuous service
120 hours .....	After eight (8) years of continuous service

All requests for vacation must be submitted to the entire Stellar Blue team in advance and are subject to approval. Vacation time off is paid at the employee's base pay rate at the time of vacation. It does not include overtime or any special forms of compensation such as incentives, commissions, bonuses, or shift differentials.

Vacation time can be used in 4 and 8 hour per day increments. Knowing that Stellar Blue is a small business, only one employee will be able to schedule vacation during any specific time period. The vacation time periods will be on a first come basis. To avoid any calendar conflicts please email everyone your request as soon as you know you will be taking the time off. Only one week of vacation can be scheduled without prior supervisor approval.

Upon termination of employment, employees will be paid for unused vacation time that has been earned through the last day of work. Full time employees that are still within the first six (6) months of full-time status will not be paid for any unused vacation.
